**Welcome to GreenSquareAccord
and thank you for taking the
time to find out more about our
organisation.**

We're proud to be able to support tens of thousands of people across England by providing affordable housing and care to help people live independently.

Everything starts at home and we are privileged to be able to do work which makes a real difference to the lives of people in our communities.

WELCOME

Everything we do is about people – whether that's providing a good quality, safe home or providing care which helps someone to live an independent life. Our colleagues live and breathe this social purpose and we need great people, with skills across a range of disciplines, to make this happen.

You may think of construction and cranes when you hear housing, but in reality our work is about one thing – people. Working for GreenSquareAccord gives you the chance to bring your skills and expertise and make a real difference. It doesn't matter which role you are considering applying for, your work will help thousands of people build a better life.

In these pages you can find out more about our work and what it means to be part of the team at GreenSquareAccord.

I hope you enjoy reading more about us. If you think we are the sort of organisation you would like to work for, we wish you the best with your application.

Many thanks,

Ruth Cooke

Ruth Cooke
Chief Executive of GreenSquareAccord

GreenSquareAccord is one of the biggest social housing and care providers in England.

We provide social housing and support services to 54,000 people across our four localities. We are proud to play an active role in helping people to deal with the consequences of the housing crisis by providing affordable homes for people in our communities who need them most.

We also provide care and support to some of the most vulnerable people in society. This includes support for people who are homeless, experiencing domestic violence or have been part of the criminal justice system.

A BIT ABOUT US

GreenSquareAccord was formed in April 2021 from the merger of the similar-sized Accord Housing Association, based in the West Midlands, and GreenSquare Group, based in the South West. Both organisations have a long history of providing affordable homes and support services for people in need.

GreenSquare's origins date back to 1866 when the Oxford Cottage Improvement Company Limited established itself as a local pioneer in driving housing reform. And the origins of Accord date back even further with the creation of the Harpers Almshouse charity in 1511 to provide lodging for poor men visiting Walsall.

We believe passionately that our purpose is to be a great social landlord, and we want to deliver the best services we can.

Our customers face significant pressures and challenges, and this means it is more important than ever that we clearly define our role so that we can make a difference.

We want to provide quality homes and excellent social landlord services, support our customers and help to build stronger communities.
